Overview of KLM's Boeing 787 Business Class

KLM's Boeing 787 Dreamliner business class is designed to meet the expectations of discerning travelers who prioritize comfort and efficiency. The aircraft serves many long-haul routes, offering a refined business class cabin that balances modern technology with a warm, inviting atmosphere. The 787 business class klm is part of the airline's commitment to enhancing passenger experience through upgraded seating, improved cabin ambiance, and superior service.

The Dreamliner's advanced engineering contributes to a quieter cabin, higher humidity levels, and improved air quality, all of which help reduce the effects of jet lag. The 787 business class cabin reflects these benefits, ensuring passengers arrive refreshed and ready for their destination. Furthermore, KLM integrates sustainable practices onboard the Dreamliner,

aligning with environmental goals without compromising luxury.

Seating and Cabin Layout

The seating configuration in the 787 business class klm features a 1-2-1 layout, allowing direct aisle access for every passenger. This arrangement enhances privacy and convenience, making it an ideal choice for business travelers seeking a productive and restful flight.

Lie-Flat Seats

Each seat in the business class cabin converts into a fully flat bed, providing a sleeping surface that measures approximately 6 feet 3 inches in length. The lie-flat design allows passengers to rest comfortably during overnight flights. Seats are equipped with adjustable headrests, lumbar support, and ample legroom to maximize comfort throughout the journey.

Storage and Work Space

Ample storage compartments are integrated into each seat, offering space for personal items, laptops, and devices. A large fold-out tray table provides a functional workspace for business activities, whether working on a laptop or dining. USB ports, power outlets, and reading lights are conveniently located to support productivity and convenience.

- 1-2-1 seating configuration
- Fully lie-flat beds measuring over 6 feet
- Individual storage compartments and charging ports
- Adjustable lighting and ergonomic design

In-Flight Dining Experience

KLM ensures that the culinary experience in the 787 business class klm meets high standards consistent with its reputation. Passengers can expect a menu featuring a variety of international and Dutch-inspired dishes prepared with fresh, high-quality ingredients.

Multi-Course Meals
