Overview of Mariners Spring Training 2023

The Mariners spring training schedule 2023 officially commences with the team reporting to training camp in early February. This period is essential for players to regain competitive form after the offseason and for coaches to assess both veterans and rookies. The spring training schedule includes a series of exhibition games, workouts, and practice sessions designed to simulate regular-season conditions. Mariners management often uses this time to experiment with lineups, test pitching rotations, and develop younger talent. The 2023 spring training is particularly significant as the team aims to build on recent successes and strengthen its roster depth.

Training Camp Start Date

Players reported to the Mariners' spring training facility in Peoria, Arizona, by the first week of February 2023. The initial days focused on physical conditioning, drills, and position-specific training. This early phase is crucial for minimizing injuries and enhancing player performance throughout the preseason.

Duration and Key Phases

The overall spring training period spans approximately six weeks, concluding in late March. The schedule is divided into phases including initial workouts, minor league assessments, and increasingly competitive exhibition games that simulate regular-season intensity. Each phase serves a strategic purpose in the Mariners' preparation.

Complete Game Schedule

The Mariners spring training schedule 2023 features a comprehensive slate of games against a variety of opponents. These matchups provide valuable competitive experience and help the coaching staff make final roster decisions.
