Getting Started: Trophy Basics and Requirements

Understanding the fundamentals of the trophy system in The Witcher 3 Complete Edition is crucial for systematic progress. The game features a total of 52 trophies including one Platinum trophy awarded upon unlocking all other trophies. These trophies range from story progression, combat challenges, crafting, exploration, to side quest completions. The Complete Edition also incorporates all expansion trophies from Hearts of Stone and Blood and Wine, increasing the total count and adding variety to the gameplay challenges.

Trophies are earned both through natural gameplay—such as finishing the main story or expansions—and through specific tasks like mastering alchemy or completing every contract. Some trophies are missable, requiring careful attention to dialogue choices and quest outcomes. Tracking trophy progress via the in-game menu helps players plan their next steps efficiently. Additionally, the game supports multiple difficulty settings, but some trophies are only achievable on certain difficulties, so selecting the right mode early on is advisable.

Story and Main Quest Trophies

The core narrative trophies are tied to completing the main storylines of The Witcher 3 and its expansions. These trophies are generally straightforward, unlocking as the player reaches key plot points or completes significant quests. Players should focus on making thoughtful decisions during quests to avoid missing critical trophies linked to specific endings or character interactions.

Main Story Completion

Completing the main storyline awards several trophies reflecting key milestones and the final conclusion. The main story trophies include:

- **“Geralt of Rivia”** – Complete the main story of The Witcher 3.
- **“Wild at Heart”** – Finish Hearts of Stone expansion.
- **“Blood and Wine”** – Finish Blood and Wine expansion.

Players should ensure they finish the game at least once on any difficulty to unlock these trophies, keeping in mind some endings can affect whether certain side trophies are attainable.

Key Side Quest and Dialogue-Based Trophies

Several trophies require completing notable side quests or making particular dialogue choices:

- **“Family Matters”** – Complete the side quest related to Geralt’s personal story.
- **“The Last Wish”** – Finish the quest that explores Geralt’s relationship with Yennefer.
- **“Reason of State”** – Complete important political decisions in the storyline.

Missing these quests or making alternative choices can lock these trophies out, so players should use a quest guide if aiming for 100% trophy completion.

Combat and Skill-Based Trophies

Combat trophies test mastery of the game’s mechanics including swordplay, magic, and strategic use of potions or bombs. Achieving these trophies often requires players to engage with the battle system deeply and experiment with different character builds and combat styles.

Mastering Combat Challenges

Combat-related trophies include defeating specific enemies or completing challenges under certain conditions. Examples include:

- **“Damn Those Ghouls”** – Kill 100 ghouls.
- **“Master Marksman”** – Use crossbow to kill 10 enemies from long distance.
- **“Alchemy for Beginners”** – Craft a potion, bomb, and blade oil.

Players should regularly engage in monster contracts and use alchemy to prepare for these challenges. Some trophies require careful preparation, such as brewing specific potions or oils, which also enhances combat effectiveness.

Skill Tree and Leveling Trophies

Advancing Geralt’s skills and leveling up unlocks several trophies:

- **“Professional”** – Reach level 10.
- **“Veteran”** – Reach level 20.
- **“Master Witcher”** – Unlock all skill trees.

Players should distribute skill points thoughtfully and focus on progressing through the game’s content to maximize experience gain. Completing contracts, exploring, and crafting all contribute to leveling efficiently.

Exploration and Collectible Trophies

Exploration is a vital component of The Witcher 3 Complete Edition, rewarding players for uncovering the vast world and collecting rare items. Several trophies focus on map discovery, finding hidden treasures, and completing sets of collectible items.

Map and Location Trophies

Discovering all points of interest is essential for these trophies:

- **“Explorer”** – Discover all fast travel points on the map.
- **“Collector”** – Find and loot all hidden treasures.
- **“Cartographer”** – Reveal the entire game map by visiting all locations.

Players should use the in-game map and notes carefully, systematically visiting new areas to unlock these trophies. Some locations are well hidden, so thorough exploration is necessary.

Collecting Witcher Gear and Cards

Additional trophies reward the collection of rare items and game collectibles:

- **“Treasure Hunter”** – Find all Witcher gear diagram sets.
- **“Gwent Master”** – Win every Gwent card from merchants and players.
- **“Card Collector”** – Collect every Gwent card available.

Collecting Witcher gear involves completing contracts and looting, while Gwent trophies require engaging with the in-game card game and mastering its rules.

Expansion-Specific Trophies

The Complete Edition includes Hearts of Stone and Blood and Wine expansions, each adding unique trophies that expand gameplay and story content. These trophies often have their own challenges and requirements.

Hearts of Stone Trophies

Hearts of Stone introduces new areas, quests, and enemies. Notable trophies include:

- **“Unseen Elder”** – Defeat the Unseen Elder boss.
- **“Money for Nothing”** – Complete all major Hearts of Stone quests.
- **“Contract: Devil by the Well”** – Successfully complete this challenging contract.

Players should carefully follow the expansion’s storyline and explore new contracts to unlock these trophies.

Blood and Wine adds a new region, Toussaint, along with fresh quests and mechanics. Key trophies include:

- **“Ducal Conspiracy”** – Complete the main Blood and Wine storyline.

- **“Beast Hunter”** – Defeat all new monsters introduced in the expansion.
- **“Tourist”** – Discover every point of interest in Toussaint.

Exploring Toussaint thoroughly and engaging with its unique content is necessary for these trophies.
